		Upload a seminar version for the final seminar	One week before the final seminar	
		Final seminars	Dates to be decided upon in mid-November	
January 16	23.59	Upload MSc-thesis for examination ⁶		

/Karin Hakelius

¹ This document will be available in Canvas from August 16. Add the information available at this early stage in the thesis-process, for example name(s) of author(s) (maximum 2), topic-idea, area within the business administration-field, and if you have a wish when it comes to a supervisor.

² Karin Hakelius, course-leader (karin.hakelius@slu.se) – Richard Ferguson is the examiner.

³ We'll use my (Karin's) Zoom-link: <https://slu-se.zoom.us/j/6419284660>

⁴ My aim is that all will have a supervisor by this date.

⁵ A revised and complete 'work plan' has to be uploaded in Canvas. Both the student(s) and the supervisor have to sign the document, which then is scanned and uploaded in Canvas.

⁶ Please note that this version of the thesis will be run through what was earlier called 'Urkund', now 'Original'.
