

## LK0346, Landscape architecture for sustainable urban design

**Course team:** Lena Steffner, Gudrun Rabenius, Carola Wingren, guests;

**Course examiner:** Lena Steffner, e-mail: [lena.steffner@slu.se](mailto:lena.steffner@slu.se), tel: 076-784 2450

Ritsal (Studio) 3B, Ulls hus.

Keep yourself updated of current corona restrictions. If restriction occur again 3B will be available for group 1-5 Monday to Wednesday lunch, group 6-10 Wednesday after lunch to Friday every week.

The first part of the course concentrate on theory for sustainable urban design in lectures and seminars. Main literature is extracts from: Carmona, Matthew, Tiesdell, Steve, Heath, Tim, Oc, Taner, 2010. *Public places – urban spaces: the dimensions of urban design*, London and New York, Architectural Press. The main literature will be complemented by articles and extracts from other literature that you will find on Canvas. The theory part includes a study visit to Stockholm and ends with a written individual exam.

The second part is a project studio group work with individual assignments included. The project is supported by lectures, given assignments and weekly tutoring reviews. The final submission of the project include a group report, posters and a final presentations and opposition review occasion with invited guests.
