

Preliminary schedule 2022-07-25  
Vegetation Design

| Date        | Time         | Activity                                                                                          | Type | Room                | Teachers    |
|-------------|--------------|---------------------------------------------------------------------------------------------------|------|---------------------|-------------|
| <b>W 35</b> |              | <b>INTRODUCTORY PART</b>                                                                          |      |                     |             |
| Mon 29/8    | 08.30-9.45   | Course introduction                                                                               | L*   | Arken               | AF,JB,CH,MP |
|             | 10.00-10.20  | Introduction to writing assignment                                                                | L*   | Arken               | AF, CH      |
|             | 10.20-12.00  | Lecture by Anders F: Designing with nature                                                        | L    | Arken               | AF          |
|             | 13.00-14.30  | Lecture by Anders F: Some basic design principles                                                 | L    | Studio C            | AF          |
|             | 14.30-16.00  | Exercise: Basic design principles 1                                                               | EXE* | Studio C            | AF          |
| Tue 30/8    | 08.30 -10.00 | Lecture by Anders Folkesson: Vegetation Dynamics                                                  | L    | Ateljé              | AF          |
|             | 10.15-11.30  | Exercise: Basic design principles 2                                                               | EXE* | Ateljé              | AF          |
|             | 11.30-12.00  | Lecture by Anders F: Creative management                                                          | L    | Ateljé              | AF          |
|             | 13.00-14.30  | Lecture by Jörg Brunet: How long does it take a forest to become a forest?                        | L    | Stora Sessionssalen | JB          |
| Wed 31/8    | 8.30-17.00   | Selfstudies                                                                                       | SS   |                     |             |
| Thur 1/9    | 8.30-9.15    | Online lecture by Anders F: Forest layers and -zones                                              | OL   | Plantan             | AF          |
|             | 9.30-11.00   | Lecture by Jörg Brunet: Field layer vegetation                                                    | L    | Studio C            | JB          |
|             | 11.00- 16.00 | Selfstudies                                                                                       | SS   |                     |             |
| Fri 2/9     | 09.00-16.00  | Excursion to Snogeholm landscape lab + Tittente                                                   | EXC* |                     | EH, AF      |
| <b>W 36</b> |              |                                                                                                   |      |                     |             |
| Mon 5/9     | 08.30-10.00  | Lecture by Karin Hjelm: Weeding, clearance & regeneration. Single species stands VS mixed stands. | L    | Crafoordsalen       | KH          |

Preliminary schedule 2022-07-25  
Vegetation Design

|             |              |                                                                                   |      |                                         |                   |
|-------------|--------------|-----------------------------------------------------------------------------------|------|-----------------------------------------|-------------------|
|             | 10.30-12.00  | Lecture by Christine Haaland: Relation between maintenance types and biodiversity | L    | Articum 2                               | CH                |
|             | 13.00-16.00  | Selfstudies                                                                       | SS   |                                         |                   |
| Tis 6/9     | 08.30-10.00  | Online lecture by Christine Haaland: Edgezones, from a fauna perspective          | OL   | Plantan                                 | CH                |
|             | 10.00-17.00  | Selfstudies                                                                       | SS   |                                         |                   |
| Ons 7/9     | 08.30-17.00  | Selfstudies                                                                       | SS   |                                         |                   |
| To 8/9      | 08.30-12.00  | Selfstudies                                                                       | SS   |                                         |                   |
|             | <u>12.00</u> | <u>Submission of critical review</u>                                              |      |                                         |                   |
|             | 13.00-16.00  | Peer reading of critical review                                                   | SS   |                                         |                   |
| Fre 9/9     | 08.30-15.00  | Seminar: Discussing the critical review                                           | S*   | Krolliljan<br>Magnolian<br>Trollhasseln | AF, JB, CH,<br>KH |
| <b>W 37</b> |              | <b>GROUP DESIGN TASK</b>                                                          |      |                                         |                   |
| Mon 12/9    |              | <b><i>Excursion to Tranemåla</i></b>                                              | L*   |                                         | AF, JB            |
|             | 8.30-10.30   | On the bus: Introduction to group exercise and to the site                        | L    |                                         | JB                |
|             | 10.30-12.00  | Tour around the Tranemåla property                                                | EXC* |                                         | AF, JB            |
|             | 13.00-14.00  | Lecture by Jörg Brunet: New old maintenance methods in Tranemåla                  | L    |                                         | JB                |
|             | 14.00-17.00  | Group work: Landscape inventory                                                   | EXE* |                                         | AF, JB            |
|             | 19.00-19.30  | Lecture by Anders Folkesson: The landscape perspective                            | L    |                                         | AF                |
|             |              | <b><i>Staying overnight in Tranemåla</i></b>                                      |      |                                         |                   |
| Tue 13/9    |              | <b><i>Excursion to Tranemåla</i></b>                                              |      |                                         | AF, JB, KH        |
|             | 8.30-11.00   | Group work, in the field and/or indoors                                           | SS   |                                         |                   |
|             | 11.00-12.00  | Group tutoring                                                                    | T    |                                         | AF, JB, KH        |

Preliminary schedule 2022-07-25  
Vegetation Design

|             |              |                                                                                                 |           |                |                       |
|-------------|--------------|-------------------------------------------------------------------------------------------------|-----------|----------------|-----------------------|
|             | 13.00-14.00  | Group tutoring                                                                                  | T         |                | AF, JB, KH            |
|             | 14.00-15.00  | Group work. Bus departs 15.00.                                                                  | SS        |                |                       |
| Wed 14/9    | 8.30-17.00   | Group selfstudies                                                                               | SS        |                |                       |
| Thu 15/9    | 8.30-16.00   | Group selfstudies                                                                               | SS        |                |                       |
| Fri 16/9    | 8.30-16.00   | Seminar: Presentation of group work + discussion                                                | S*        | Articum 1      | AF, JB, KH            |
