## Books

*The following two books will be covered in more depth during this course. Hence, if you plan on purchasing any books, we recommend these two:*

Ellis F. 2000. *Rural livelihoods and diversity in developing countries*. Oxford University Press. Available at the Ultuna Service Centre in limited supply.

Peet, R. and E. Hartwick. 2015. *Theories of Development: Contentions, Arguments, Alternatives*. Guilford Publications.

*In addition, select book chapters are included in lectures, but either those will be available in Canvas or in the library (since it may not make sense to purchase a book for only a chapter or two).*

*Note: some small changes in the list may be announced before the course starts.*

## Lecture specific literature, including articles

### Core literature in bold.

Suggested further reading marked with \* and these are just for those interested in delving deeper into the subject issues. The times set aside in the schedule for reading are for you to read the literature specifically and for each week.
