SS=Sara Spendrup, GH=Gun Hagström; PAL=Per-Anders Langendahl; AD=Annie Drottberger;
LG=Lisa Germundsson

Notes:

Changes may occur in the schedule

Some activities take place on campus, and some are not possible to participate in digitally.

Activities with an [*] are compulsory

Five lessons (four student lectures, and one on the chapters of NPD) have quizzes connected to them. These quizzes should be made before the lesson, and are compulsory to make.

We start a quarter past the hour indicated in the schedule (i.e. 9 = 9.15)

Grading criteria is announced at course start.

We use one (and the same) zoom-room for all online lessons that has indicated Zoom as lecture room. All activities in the room are automatically registered (for checking presence).

Trott refers to the course book: Trott (2021) Innovation management and new product development (7th ed.). Previous editions do not follow the same chapter structure (although the same contents can be found in the book).

Additional material, papers et cetera, can be found in the Canvas room
